Return of the Ancient Fire and Water Ceremonies

Waitaha Nation believe that the year of 2016 is the Great Year of Light and will be concentrating on making contacts around the world with other Nations who enjoy working and living in the great light of the Universe.

We believe that with rejoining again the fire circle of the Pacific Fire Circle we will allow for the greater light to shine again on Grandmother Earth Papatuanuku. In 2014 October we joined with the Yamato Fires of the Japanese Shugendo and in 2016 we join with the Maya Fire Circle again.
